METRO PICTURES

Friday at Olympic — Selznick presents beautiful Constance Talmadge in "The Honeymoon."

# STORE CLOSING QUESTION WILL BE ACTED UPON BY THE VALLEY EXECUTIVES

The meeting of burgesses of nearby towns and the mayor of Monongahela scheduled to have been held in city hall, Donora, last night, failed to materialize—as there were only two of the chief officials present, Burgess Cox of Donora and Burgess Stewart of Monessen. Hence there could be no business transacted. Monday evening the Donora city council met in regular session and unanimously adopted the following as a resolution:

"Whereas, it has become one of the war measures of our government in the conduct of our present war to have the nation's business utilize exclusively the daylight hours in the operation of their business where practical and possible to the end that our resources may be conserved:

"And whereas it is vital to the success of such measure that the merchants and business houses generally co-operate with the government:

"And whereas the burgesses of the towns of Monessen, Charleroi and Donora and the mayor of Monongahela City, Pa., in joint conference have agreed to present to their respective governing bodies and merchants a uniform plan or basis upon which successful co-operation may be had:

"Be it resolved, and it is hereby resolved by the council and the burgess of Donora in pursuance of this agreement with their respective neighboring towns as follows:

"1. That it will be of great assistance to the successful operation of the war if the merchants of Donora co-operate with their neighbors and close their places of business for the day at six o'clock p. m. every business day save on the evening of "Pay Day" and Saturdays.

"2. That the burgess of Donora shall appoint a committee of three or more merchants and citizens to present the matter to the various business houses of town in the form of an agreement and to request each merchant's endorsement thereof and his promise to assist in such movement.

"3. That the papers of Donora give publicity to this movement and lend their influence toward its adoption.

"Resolved this 8th day of April, 1918, by the Council of Donora.

Anton Weis, Pres. of Council.

Attest: Geo. W. Allen, Clerk.

Harry A. Cox, Chief Burgess."

Had there been sufficient members of the Valley Executive association present at last night's meeting, it had been agreed by the various officials to endorse the above resolution and make it a "Proclamation" to serve in each respective town, thus making the closing hour for merchants uniform in Monessen, Charleroi, Donora and Monongahela.

The next meeting of the chief officials will be at the call of the chairman, Harry A. Cox, burgess of Donora, at which time definite action will be taken on the above resolution as a body, and adopted for practical use in each individul town.

President Cox addressed council and told them of the recent action taken by the Monongahela Valley chief executives association with reference to the closing of business houses at an early hour in the evening in order to conserve fuel and light. The burgess stated that in Monongahela, Charleroi and Monessen ,the early closing has been already ordered by the councils of these communities and the plan is working out admirably. Monessen's stores open Saturday and Monday evenings only.

## Shower For Bride

One of the prettiest appointed affairs of the season was a miscellaneous shower in honor of Mrs. Leonard N. Jamieson, who was formerly Miss Alfreda Patrick of this city, given by the Young Ladies Lyceum, last night at the home of the bride's mother, Mrs. Anna Patrick. The affair was a complete surprise, Mr. and Mrs. Jamieson having been invited to spend the evening and upon arrival found the home in possession of thirty young women. Music, knitting and a general social time were the diversions of the evening, after which a lunch was served by the young ladies. Mrs. Jamieson was the recipient of many beautiful remembrances.

## NOTICE LODGES

It is requested that all lodges in the city take up at once the matter of joining in the parade of the Third Liberty Loan which will be held Sunday afternoon, April 21. We urge that the fraternal societies of the city do their bit.

ALFRED TANZER,
Chairman.

## Tag Day for Homeless Waifs

The annual tag day for St. Rita's home for infants, Pittsburgh, will be held in many of the cities and towns along the valley tomorrow, including Monessen. A successful tag day supports the home for twelve months, the measure of success is measured absolutely and entirely by the number of willing workers. There is one baby a day seeking admission now at St. Rita's home. All babies are accepted regardless of creed or nationality. The remuneration received from these infants amounts monthly to about $200, the expenses are $700, the deficit is made up from the annual tag day. The recors show more than 50% of the babies come from the parishes outside of Pittsburgh

## Open For Business

—Notwithstanding the recent fire which destroyed most of our store stock, we will be open for business as usual Saturday morning with a full supply of new goods, meats etc. Remember we're still in business, and you know you'll get treated right by the "Fair and Square Man."

## Assistants Named

Mrs. J. J. Cushing chairman of the local branch of the Women's National Defense society, today announced the formation of a committee to assist in the production of the photo-play, "Lest We Forget," which will be shown in the Star theatre, Monessen, Tuesday, May 7, for the benefit of the National work of the scociety. Associated with Mrs Cushing on the committee will be Mrs. John Duvall, Mrs. W. B. Stewart, Mrs. J. B. Culler, Miss Onah Walsh, Mrs. J. E. Pittman.

Many societies, institutions and business organizations in Monessen are interested in this great patriotic picture.

Among those who have endorsed its presentation are Burgess Stewart, J. Howard Kelly, H. D. McCabe, L. X. Ely.

## Olympic Theatre

TODAY—Louis J. Selznick presents Constance Talmage in "The Honeymoon," and a Keystone comedy.

SATURDAY—Rex Beach presents "The Barrier," with an all star cast and the last episode of "The Hidden Hand."

"The Italian Battlefront," and "The Barrier" were playing for several months in the leading theatres of Pittsburgh 50c, 75c, $1.00 and $1.50. To our patrons the small sum of 22c will be charged.

Coming, Monday, April 15th. "The Eagles Eye," featuring King Baggot and Marguerite Snow. A great detective story.

Remember, April 20, we will have the latest Eddie Polo serial, "The Bull's Eye," for 15 weeks. Also Anna Nilsson and Charles Richman in "Over There."

## Alleged Shop Lifter Arrested

A man and his wife living on Jackson street, Monongahela, are alleged to have goods belonging to several Pittsburg stores, to the amount of $3,000 and over, which are alleged to have been secured by a "slight of hand" performance. The goods, such as hats,furs, overcoats, dresses, etc., were not of a belonging to the house wherein found.

The state police have been on the case quietly and representatives from Pittsburg firms have been in Monongahela and identified the alleged stolen goods as garments from their respective firms. The wife and three children of the man alleged to have stolen the articles, were taken to Washington yesterday. The state police have sufficiently uncovered the mystery, that no doubt remains that the goods found are stolen articles.

## Were Fighting

Joseph Glowatski of 31 First street and Jacob Steinmiller of North Belle Vernon, workmen in the Pittsburgh Steel Products Co. plant, were arrested at 4:30 a. m., Wednesday for fighting and causing a disturbance in the mill. It seems the trouble arose over some petty difference between the men regarding their work, and it is alleged Steinmiller was the real aggressor, and he surely did give Glowartski a good old fashioned "trimming," as the saying goes. Assault and battery was the charge and after hearing the evidence, Justice White held both men under $200 bond for the May term of court. The bail was furnished.

## Couple Married

The many friends of Miss Elizabeth Stevenson of Knox avenue and Chauncey Warner of Carrick, were surprised when they learned that the couple had quietly slipped away to Uniontown for a short trip and returned man and wife. They were married Wednesday, April 10th. The young couple has the best wishes of their many Monessen friends. Mr. Warner is employed as butcher at the Jules Albert store.

## Death Results From Accident

Word was received in Monessen yesterday of the death of Charles A. L. Flanders, in the South Side hospital, Pittsburgh. Two weeks ago today Mr. Flanders was injured in an automobile accident on the South Side, having his jaw bone broken, side crushed and otherwise badly injured. A few days ago pneumonia developed, resulting in his death.

Mr. Flanders was well known in Monessen and Belle Vernon until the last three years having been a conductor on the W. M. B. V. & Fy Cy. St. railway line, making his home in Belle Vernon.

Mr. Flanders was aged 32 years and resided with his parents, 210 Phillips avenue, Carrick, from where the funeral services will be held Sunday afternoon at 3 o'clock. A number of friends from here will attend the funeral.

## Lost His Bond

Pet Sbrey, a laborer from Donora, was picked up on Donner avenue last night and locked up on a charge of being drunk and disorderly. He admitted his guilt and was assessed $7.00 which was paid. The man claimed he had a $50.00 Liberty bond in his pocket and thought it had been lost about the police station but it not being found when he was searched, it was decided he had lost it somewhere on the street.

Mike Sorokeh was arrested and locked up on a drunk and disorderly charge. Burgess Stewart fined him $5.00 and in defaut he was returned to his cell to work five days on the streets.

## Leaves for Capitol

—Miss Mary C. Sheridan a well known teacher in our public schools, has received a splendid appointment with the war department at Washington, D. C. Miss Sheridan has been very active in the Red Cross, being instructor of a class in surgical dressing. She will be greatly missed but her many friends extend their best wishes for success.

## THE PURPOSE PARAMOUNT ---BUY LIBERTY BONDS

Many of us are disposed to chafe and grow restive under the increasing flood of annoyances precipitated by this world war. In every new regulation is something to criticize. In every curtailment an imagined privation. These meatless and wheatless and heatless days have tried us sorely. Altogether the conditions have got on our nerves.

The chief trouble about it all is that the great mass of the people does not understand why these conditions exist. We have been a peculiarly favored and indulged people ever. We have been used to plenty and occasional luxury. Always we have been able to get whatever money would buy. To find this no longer possible is intensely exasperating. But we must remember one thing through it all. The paramount national purpose today is to win the war. And these sacrifices are necessary to that end. The responsible federal departments in Washington have tried to impress this upon the people. They have tried to explain in all instances of curtailment just why they are necessary. Maybe they haven't been explicit enough. Maybe a closer, heart to heart touch with the people would help. And maybe the people would help.

In any event it is up to us all to keep a stiff upper lip and meet every succeeding demand with a smile. That's our bit right now. We must stop grumbling at inconveniences that are really insignificant when the big end at stake is considered.

Khaki-clad Sammies are going "over the top" over yonder almost daily now. They are tossing bombs into the enemy trenches; spraying the night patrols in "No Man's Land" with machine gun fire; shelling the enemy artillery post sand demolishing wire entanglements with heavy guns, and whenever the Boche fails to skedaddle before their approach, they are taking prisoners. They are fast getting their stride, going with true American vim and avenging their fallen comrades. Some of them are giving their lives for you? And what are you doing?

That's the main thing; what are you doing to help them? There's no cause for worry about the men in the trenches. They're on the job with both feet. They know exactly what they're there for; they know precisely what's expected of them; they know just what they have to do.

But you must do your part. There's only one way in which you can effectively do this. You must lend Uncle Sam all your spare cash. He needs it for supplying a hundred soldiers' wants. But especially for the necessities of offensive fighting. The Sammies have their own peculiar ways of strafing the Hun. You must do your bombarding with Liberty Bonds.

## Likes Camp Life

A letter received by Mr. and Mrs. William Bertleman from their son, Henry, who is in training at Camp Lee, is to the effect that the young man likes soldier life fine. He is contented, pleased with everything and is getting along admirably. The second day after arriving at camp he was taken out for a hike of five miles but he suffered no bad effects on account of his experience at home. For fourteen years Henry worked with his father and brother in the milk business in Monessen and has climbed every hill in town hundreds of times and is therefore used to walking or violent exercise of any kind. Mr. Bertleman praises the treatment he is receiving,says he gets plenty to eat and that his superior officers treat him with the utmost courtesy.

## Snow Down South

—Dr. Sloterbeck writes to his old friend Calvin Dils that it was snowing at Chickamaugua Park, Georgia, just the same as in old Monessen, and that as far as he had noted "The Sunny South" idea is a mistake, but he is looking for things to change ere long and that old familiar saying be proven out in good form. The doctor is well.

## STYLES IN THE SPY BUSINESS

Some of our complacent people have come to feel rather satisfied about the situation on the German spy menace. Not many munition plants have been blown up lately. There has not been such an epidemic of incendiary fires. It looked as if the plotters had been rounded up by our vigilant secret service, and as if the arrogant German hopes of holding up our war activity are once more beaten.

We were too sure. It is simply that a new style of spying has been evolved, and one far more dangerous Apparently the potato warehouse burners and bomb plotters have been called in. There is a bigger game for them to play.

The up to the minute style of spying is to work your way into a war work factory, and create defects in the product. So now we hear that the airplanes were delayed two months by spies who cut out sections of steel and substituted lead, so that the frame would collapse under strain. Also gas masks are said to have been defective for similar causes.

All those forms of "Kultur" will but make the American people one degree madder, and more determined to put their foot on the kaiser's neck. It was noted simultaneously with these reports that a number of pro-Germans had been tarred and feathered and ducked in canals, etc. That is refreshing, but merely incidental.

It is time to get these spies And also to do something more than treat them as honored guests in internment camps

Furthermore the war work plants should be raked with a fine tooth comb to get disloyal people out. We can't trust them a moment. We must be sure of all our war workers. We have been too slow. We, the Americans who pride ourselves on our alertness, have been strangely befooled by the supposedly phlegmatic German. It is time to get busy and come down on this thing if we mean business.

## CLEANING-UP TIME

By common consent spring is the time for clean up campaigns. Even a disorderly person has spasms of neatness at this period. He may not care much for order himself, but is shamed into it by the activity of the neighborhood. It is time for Monessen to take hold and have a general scrubbing.

Dead vegetation litters up a place, and the most beautiful grounds bcome squalid and slovenly unless constantly kept up. Weather and smoke and dust make out-buildings and fences look dingier every year, fences rot and fall, and untidy heaps of ashes accumulate.

Labor is scarce and high nowadays, and it is not so easy to find men to take hold and clean up a place as formerly. People will have to do these things more for themselves The boys and girls that have spent all the time skylarking will have to take a little of their time to help They should have their little tasks about the place. If they would go over it every few weeks and pick up litter and remove disorder, it would not accumulate so that clean up scrimmage would be needed.

A well kept neighborhood is a neighborhood of good real estate values. If the walks are neatly trimmed, weeds and leaves raked out and kept out of walks and drives, and all refuse rigidly kept down, a row of houses looks 50 per cent better It gives the appearance of a neighborhood of refined, educated and cultivated people, who have self respect and standards of living.

Conversely, a neighborhood where litter abounds is a very poor one to own a house in. Values are always shrinking It is a busness proposition to keep up your home neighborhood and your home town.

## THE TRAMP RESERVE

Scientific students of vagrancy say that not all tramps look alike to them. In their ragged fuzziness, all hobos may seem alike to the undiscriminating observer But there are "yeggmen," "gay cats," and no one knows how many other types. The term "gay cat" used to be applied to the fellows who would work occasionally when jobs offered This of course was a violation of professional hobo ethics that led to the sneering designation.

Every summer there are thousands of weary wanderers who will take hold and help harvest crops. The farmer's wife is fearful they will set fire to the barn. But in the stress periods of farm labor, any human being that can handle a hoe or fork can get work. The farmer hates to take on such unpromising creatures. But it is not a time when he can afford to ask questions.

Many of these fellows have possibilities of reclamation. The vagrant habit was probably formed at a period when there was much unemployment. We used to hear much about "overproduction." It did seem as if there was not work enough for everyone Under these conditions, a man with a tendency to vagrancy would very easily drift into it. In busy times the temptation to vagrancy is far less.

The farmer who gives these fellows one more chance is very frequently disappointed in them. They will work long enough to get enough money to buy food and drink, principally drink, and then quit at the critical moment But there is always a chance that thy will make good and some of them come through Regular work for a single season does have a tonic effect on a weak minded fellow. He begins to wonder if after all he could not like to settle down.

The farmer who gives these opportunities sometimes a chance not merely helps him if he pull through a tight place, but he performs a social service. If he can get a vagrant in the habits of regular work, he has done a work of charity as well as accomplish.

## Soldiers are Buried in Uniforms

Acting Q M. Gen Goethals has written the following letter to representative Farr, of Pennsylvania.

Hon John R Farr,
House of Representatives
My Dear Sir:

In reply to your inquiry of the 19th instant, if "there are certain rules and regulations of the War Department that compel the Salvage Corps on the European war front to remove the clothing from the soldiers killed in action," I beg to say that there are no such rules and regulations and that such practice does not obtain.

On the contrary, the amended Army Regulations require the remains of soldiers to be buried in the uniform which is furnished for the command at the time of death In France they may be necessarily buried in the clothing worn at the time The only exception is that where soldiers die of contagious diseases and are shipped to their homes, under the rules of the United States Public Health and Marine Hospital Service, the remains must be wrapped in cotton and enveloped in a sheet, a fact which not being generally understood has caused some unjust comment and complaint

Under General Orders, No 104, War Department, August 7, 1917, a Grave Registration Service was organized, and four units, each comprising 2 officers and 50 enlisted men, were dispatched to France. These 200 men, with the addition of the convalescents from wounds and illness, Gen Pershing has charged with the proper care and registration of American graves Cabling upon this subject, he says, "Dead at the front are necessarily buried by the units themselves These units perform this duty as a tribute to the dead"

Very Respectfully,
G W GOETHALS,
Acting Q M General

## Suspects of Prager Murder Held

Collinsville, Ill., April 11—The Coroner's jury which investigated the lynching here Friday of Robert P Prager, alleged German sympathizer, at the close of the inquest tonight recommended that five men be held, charged with murder in connection with the hanging.

The men ordered held are Joseph Riegel, Wesley Beaver, Richard Dukes, Enid Elmore and William Brockmeier

After having been in deliberation since 2:30 o'clock this afternoon the coroner's jury tonight brought in a verdict that Prager was hanged by a mob, and recommended that the men named be held, charged with Prager's murder

Wesley Beaver, a saloon porter, was the first man placed under arrest and it was expected that others would be taken into custody tonight No effort was being made, it was reported, to avoid arrest.

Beaver testified at the inquest, but was reported to have denied he had any part in the lynching save that he carried a flag two blocks, as had Prager, as the latter was being marched to his death

## Latrobe Soldier Killed in France

Perhaps the first young soldier from Latrobe to be killed in action in France, was Paul Lizzie of that city. Mr Lizzie is the first soldier of the 522 men who recruited at the United States Army recruiting station in Greensburg, to have been killed while in action in France His name is included in the long list of casualties given out by General Pershing He was killed April 6.

It is not likely that there are two soldiers having the same name. The name is peculiar, and while Sergeant C. C. Hacket of the Greensburg recruiting station, was looking over the list, his eyes fell upon the name, Lizzie. He looked up the young soldier's record and found that he was 20 years and 9 months old when he enlisted He was born in Italy and came to this country while young. He enlisted July 23, 1917, in the infantry branch, and was sent to Gettysburg. After receiving special drill, he was sent with other soldiers to the battle front.

## Spur the Boys on to Farm Work

McKean county has taken what should prove to be an effective move to spur the enrollment of young men for the farm service. Through the County Committee of Public Safety, a prize of $100 in cash is offered to the Athletic association of the high school in the county which makes the best showing in enrollment and in the work performed by young men who enroll

The plan is to have the season's results scored on a point basis, 500 points constituting perfect score. In awarding points it is proposed to have 200 points allowed for highest possible percentage of enrollment, 100 points for highest possible percentage of boys enrolled who win the service badge of the U S Boys' Working Reserve, and 200 points for highest possible percentage of boys enrolled who win the service bar.

The prize is expected to stimulate spirited competition among McKean's high schools

## Alligator Parties Held by Marines

"Alligator hunting" has become the popular amusement of the U. S. marines now in training at Paris Island, N. C. While doing "police duty" on the island a few days ago a squad of "sea-soldiers" saw what appeared to be a gray green log lying on the edge of a swamp. Closer investigation caused the "log" to turn, and with a mighty splash, a huge alligator lunged back into the swamp.

The Marines made a diligent search for the 'gator, but failed to locate it. After darkness fell, however, they returned with sticks and clubs of all sorts and proceeded to "beat up" the swamp in true alligator hunting style and finally succeeded in capturing and killing the alligator. The incident caused a great deal of excitement about the camp and now there is an "alligator party" held almost every night So far three of the alligators have fallen to the wily Marines.

## BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and heavy." Note how they "clear" clouded ... and how they "perk up" the spirits. ... and 25c a box. All druggists.

## TAKE SALTS TO FLUSH KIDNEYS

**Eat less meat if you feel Backachy or Bladder troubles you—Salts is fine for Kidneys.**

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels, removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases

## FOX, STATESMAN AND ORATOR

**Brilliant Englishman Will Be Remembered as Firm Friend of American Independence.**

Charles James Fox, great English statesman, who did so much for American independence, entered parliament as a tory at nineteen, and was made lord of the admiralty at twenty-one. He incurred the lifelong enmity of George III by opposing a royal marriage bill, favored by the king, and at the king's instance he was dismissed from office. Thereupon he left the tories and joined the whig party, whose chief he soon became, leading them in their splendid opposition to Lord North and the war which ended in American independence.

Fox was kept out of office by the enmity of the king during 22 of the best years of his life (Lord Grenville finally refused to form a cabinet without him), but managed in spite of this to fight valiantly for many good measures, including Indian government reform, a better libel law and the abolition of the slave trade. He risked his life rising from a sick bed to speak for the latter.

Gambling, which his father taught him as a child, was Fox's besetting sin. He lost thousands by it, but when in 1793 his friends paid his debts and settled an annuity upon him, he never touched a card again.

Fox was one of the greatest orators who ever spoke in the British parliament. He is said to have possessed "above all moderns that union of reason, simplicity and vehemence which formed the prince of orators."

**Interesting Old Egyptian Letters.**

Letter writing, fortunately, was much practiced in ancient Egypt, and there are quantities of letters between persons of all degrees of education and written on all sorts of occasions. We may read, for instance, the encouragement and good advice sent by parents to absent sons, or may recognize familiar types of character in the answering effusions of children to parents—the spoilt boy who scolds his father for having left him at home instead of taking him to the capital; the well-conducted youth, who complacently assures his relatives that he is getting on very well, combining study with recreation, and the prodigal son, who writes to beg his mother's forgiveness and confesses that he has brought himself to destitution.

## Ooldiers Take Insurance

Selectives and officers at Camp Lee, Va., have insured themselves through the Bureau of War Risk Insurance for $681,000,000, according to an announcement b Capt. Charles N. Jones, in charge of the bureau at this camp. Of this amount $53,000,000 has been obtained by selectives who have recently arrived. Of the Pennsylvania rookies approached, 96 out of every 100 have insured for the $10,000, the maximum amount that the Government allows. With few exceptions every one of the new men have taken some insurance, even though the maximum was not taken.

One of the reasons assigned for the high rate maintained by the new men is that they are class 1 A men, under the selective draft, who are supposed to be single men without dependents. Though the majority of the men fall in this class, hundreds of them have allected part of their salary to their people, whom they claim need money for existence. The Government adds an equal amount to the amount that an enlisted man allots to his dependents.

A small number of the rookies have put in claims for discharge from service because of these dependents. However, officers at the camp are prone to discharge a man physically fit whose local and district boards have overruled his claim for exemption.

## Tailor Makes Valuable Find

"After spending $900 for medicine and doctors in four years without getting any benefit for stomach trouble and bloating, I was induced by my druggist to try Mayr's Wonderful Remedy and must say that a $1 bottle has done me $500 worth of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments. One dose will convince or money refunded.—Craig's drug store, Monessen, Pa. adv.
